## Custom Window and Furniture Coverings

These prices are labor cost only. They are starting prices without embellishments and with customer providing fabric and ready made trim. I will provide cost estimates and yardage requirements for your specific items. In home consultation, measuring, and installations are \$50 for up to 2 hours and \$25 an hour after that. Some items can be made without needing an in home measuring or installation. Half the estimated cost is due before work is begun, and the remaining balance is due at pick-up or installation. I can direct you as to where to buy fabrics and trim, because you can buy them in or near Atlanta cheaper than I can provide them.
